

Leviathan (Illuminatus 3) books

Leviathan (Illuminatus 3) The ultimate weapon isn't this plague out in Vegas, or any new super H-bomb. The ultimate weapon has always existed. Every man, every woman, and every child owns it. It's the ability to say No and take the consequences. - Hagbard Celine, Leviathan

Illuminatus! Part III cheerfully ushers in the apocalyptic high-camp conclusion of the Illuminatus! Trilogy. The 9th and 10th Trips are performed by a grand ensemble cast. The Appendices (which are most instructive) are performed by the incomparable Ken Campbell, bringing the audiobook trilogy full circle. The Illuminati has never looked so good. All Hail Eris!
